## Driver and Vehicle Information

BSA regulations are very stringent on how the Pack transports its Scouts. Whenever we travel outside the Knox Trail Council's boundaries we are required to file a tour permit. This permit is the BSA's way of ensuring we have adequate supervision and transportation for the trip. A key part of this tour permit process is listing all the vehicles and their drivers. This registration process extends the BSA's insurance.
protection to each driver and vehicle. *Pack 130 encourages car pooling. If your family plans to travel with another family, enter the other driver's name only on the form below.*
