Why not just throw it away?

Because in Massachusetts it's illegal to put certain electronic equipment in a landfill. It's bad for the environment.

CRT Recycling Inc. of Brockton, Mass., will recycle or re-use almost everything we collect, so no harmful electronic waste will be disposed.

Pick up Fee is \$5 per household. For Out-of-Town pickups there is a Minimum Order Size of \$30.

Paper Shredding Town Barn 9 am - 2pm

Secure document shredding. Bring those boxes of old documents (tax records, bank statements) cluttering up your home or business. Watch your documents be shredded by Proshred Security's special truck on closed circuit TV. The paper is 100% recycled.

Cost is \$0.15/lb.

LOW PRICES

Don't miss this chance to get rid of your old stuff for LESS than what other towns charge for most items. Any contribution you make will help support the activities of Maynard Boy Scout Troop 130. Support your Troop!
